

Grace Community School

Infant Classroom: Daily Care & Supply Guide for Parents

We want to make sure every infant has everything they need for a safe, comfortable, and successful day at school. Please review the following guidelines for bottles, breast milk, formula, clothing, and daily supplies.

Breast Milk & Bottles

1. For safety and proper handling, all breast milk must arrive in individual bottles, prepared to the amount your baby needs for each feeding.
2. Each bottle must be clearly labeled with your child's first and last name.
3. Breast milk must be provided in individual bottles and may not be brought in storage bags or other separate containers.
4. We cannot transfer breast milk from a storage bag or other container into bottles at school.
5. When you arrive in the morning, prepared bottles will be placed in the refrigerator and kept refrigerated until your baby's feeding time.
6. Infant bottles are heated using a bottle warmer when it is time for your baby to eat.
7. Please provide a minimum of 3 prepared bottles each day to ensure your baby has enough bottles available throughout the day.
8. Glass bottles and containers are strictly prohibited.

Ready-to-serve bottles help us maintain proper food-handling procedures while keeping your baby's feedings safe and on schedule.

Formula-Fed Infants

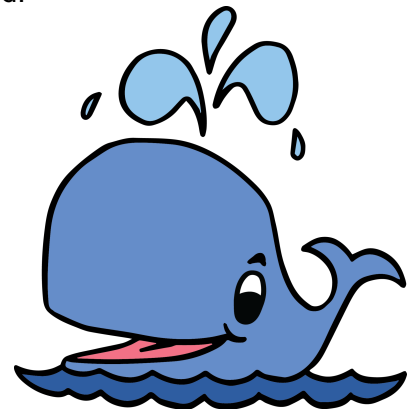

For babies who receive formula:

1. Water must be provided in individual bottles and prepared ahead of time.
2. Formula should either be pre-portioned for each bottle, or a properly labeled container of formula may be brought in for preparation.
3. Please make sure all bottles and formula supplies are clearly labeled with your child's first and last name.
4. Our school provides two types of infant formula. If you would like your baby to use one of the formulas provided by the school, please contact the school office for more information.
5. Formula bottles are heated using a bottle warmer when needed.

Daily Clothing & Personal Items

Please keep the following items at school for your infant:

1. At least 2 complete changes of clothing
2. 1 crib sheet

3. 1 blanket
4. Diaper rash cream, if needed
5. Pacifier, if your baby uses one
6. 1 package of wipes
7. 1 package of diapers

Please label your child's personal belongings whenever possible.

Keeping Supplies Stocked

We will monitor your child's supplies and let you know when items are running low. When you receive a reminder, please bring in additional supplies as soon as possible so we can continue caring for your baby without interruption.

Thank you for helping us keep your baby's classroom safe, organized, and well prepared for each day!
